

# Paws for Cause

Through the Black Dog, Ken Rueter has always been a supporter of the local community and beyond. The Black Dog has made a difference in many people's lives and has helped bring attention to many causes. Please give whatever you can, no matter how small to any recognized charity whenever you can. We live in abundance already in this country, and to give a little to someone in need is a blessing; it's what love is all about. Your heart will agree!
